

[TEMPLATE] Test Plan

DON'T use this document.

To use this template, duplicate it and fill based on your own test

Test Name	
Assigned to (Lead PM(s))	
Target Launch	
Duration	<i>Include expected test duration</i>
Sample size needed	<i>What is the traffic/conversion on a weekly basis to determine if we can get enough data to make decisions</i>

Context

Provide any information necessary that could explain the context in which this AB test was decided or context around the hypothesis to validate.

Test goals

Describe test hypothesis

Type of experimentation

Describe test type (AB, MVT, URL split testing), traffic split and audience targeting/exclusion

Experiment description

Describe control and variation(s) experience, can include mockups/user flows,...

How do we measure success?

Include KPIs/success metrics and/or guardrails you will be using to determine the success and/or failure criteria of the test.
